

CLEAN COAL - GETTING THE BACKGROUND RIGHT

DOMINIQUE VAN GENT

COAL FUTURES GROUP

- The Group has been established by the State Government after negotiations by the local Member, Mick Murray MLA (Member for Collie – Wellington), members of the workforce, community and the Shire of Collie for the State Government to make a commitment to a sustainable future for Collie and the coal industry.

The Group consists of the following representatives:

- Mr Mick Murray MLA, Member for Collie – Wellington as Chairman.
- Mr Stuart Morgan - independent industry representative.
- Messrs Gary Wood and John Kearney – workforce representatives.
- Cr Bruce Roberts - President of the Shire of Collie
- Dominique Van Gent - Project Manager, Department of Industry and Resources

PRIORITIES

The Group's vision includes:

- The promotion and development of clean coal technologies;
 - Assistance to new coal based industries;
 - Developing export markets for Collie coal;
 - Assisting land use planning in Collie.
-
- Major research work on Coal Gasification and Geosequestration
